May 15, 2024

Dear Families,

Thank you for your generosity and support at BASH this year! Approximately \$95,000 was raised this year, however, the most memorable part was seeing all the smiling faces and listening to the laughter and joy of so many joining in an evening of community.

### Staffing Update

We have three full-time teaching positions available for next year. Links and descriptions are available through the school website, the Facebook page, or through the Office of Catholic School website. If you are interested in being a part of the interview team, please call the school office.

### Mrs. Jean Hays Retirement

Mrs. Jean Hays, who has taken a leave of absence for the remainder of this school year to focus on the needs of her family, has decided to officially return to her retirement. Mrs. Hays came out of retirement to help the school return to full-time in-person education following the Covid-19 closure in 2019. With over twenty years of dedicated service to Queen of Angels School, Mrs. Hays has left an indelible mark on our school, shaping the minds and hearts of generations of students. As she continues this next chapter of life, we extend our heartfelt gratitude for her years of service and pray her next years are filled with joy, fulfillment, and well-deserved relaxation.

### 2024-2025 Info and Tuition Agreements

The Year-at-a-Glance, QofA School Supply List, and tuition agreements for next year will all be sent out by the end of this month. If you see an issue with your tuition agreement, please email me and I will make corrections or clarifications as soon as possible. FinalSite is a new system and as such, there may be some small glitches that need to be straightened out our first time. Thank you in advance for your patience and flexibility. All tuition agreements will be connected through FinalSite. Families should complete FinalSite set up and billing preferences as soon as possible.

### BASH 2023 Update

In 2023 the Bash Fund-an-Item was for active, safe students. New athletic team jerseys were designed, and team gear was included. The girls' basketball shorts and volleyball jerseys were on back order and the complete uniform sets will be ready for 2024. The gym painting was completed, the scoreboard repaired, and the gym lighting was updated. Every grade level received a playground pack of equipment, recess tubs were ordered with different games and activities, and additional equipment has been supplied to various grade levels by interest. Student motivational and spirit banners have been purchased.

Yet to be completed is the gym wall padding and volleyball postholes. The current expectation is to pad the entire length of the north and south walls. To be prudent with funds, the school has explored multiple avenues to obtain the padding replacement including bidding at various education based or public auctions. This project is still a priority for the school and the parish, and we are working collaboratively to ensure the project's completion. The volleyball postholes will take place in the coming months, after the planned parish community event.

Sincerely,

Principal Ceci Kimball
